Dear Parents and Carers,

This has been another busy week at Keyworth. Sarah, myself and the Assistant Headteachers have been observing the teachers teaching maths as well as looking at the children’s work. In lessons we looked for stimulating and challenging teaching and for children’s learning that shows they are learning new things or applying and reasoning with what they know. We also look at the pupils’ work and look for appropriate standards and progress. I am really pleased to be able to share with you that the standards of teaching and learning are very impressive. The teachers are working hard to plan and deliver appropriate learning and the children’s attitudes to learning and their progress is really super. So big thanks all round. I would also like to thank you; many more children are doing their homework and reading at home. Your support makes a real difference to the amount of progress your child makes. Punctuality and attendance continues to go up and again thank you – all your efforts make a big difference, not only to your child’s progress and happiness, but also to their attitudes to school and learning.

Have a safe and happy weekend from Elizabeth and all at  
Keyworth
