

Topic Homework

CLASS ICJ & IEM

DATE SET: 17/04/18

DATE DUE: 04/06/18

Please keep practising to climb each stage of your rocket. Please remember to practice verbally, practically (e.g. using spoons) and also on paper.

We hope that you have begun to use Mathematics at home- it's a great online resource and will be set at each child's individual level. It is important children develop a sense of time. So please discuss days, dates and months. Please also try to discuss time (o'clock and half past) and explain times of the day that you do things eg: Breakfast is at 8 o'clock.

Dear Children and adults,

This half-terms topic is on 'The Amazon'. We are basing this around our weekly trip the Oasis Nature Garden. Please read as many books around this theme as possible.

READING

Try to read each book 3 times, once to decode, once for comprehension and once for fluency.

We also hope that your children are enjoying Reading Eggs. It is a great resource please try to log in 3 times a week.

SPELLING

This terms spelling will have a big phonics focus- the spelling will reflect the week's sounds.

WRITING AND TOPIC

You have a scrap book to use to complete your homework project.

COMPLETE AT LEAST ONE OF THE WRITING TASKS:

1. **Label** a picture of a garden and use adjectives or adverbs to describe it? *E.g. tall grass, tiny insects, cold pond.*
2. Write a **letter** to a tropical animal; that lives in the Amazon. Maybe you could ask them about who else lives there, what it's like at night, what they eat and where they find their food? Remember to use a question mark '?'.
3. **Design** a garden. Maybe you could draw a map of a garden or park from a bird's eye view. Remember to add labels and pathways.
4. Write a shopping **list** for a trip to The Amazon.

Topic Words

Do you know what these words mean and how to spell them?

nature

insects

leaves

wildlife

life-cycle

investigate

season

rainforest

tropical

animals

Challenges:

To grow some seeds at home. If you like take photographs or write a diary about how they grow. Look out for the stem, roots, leaves, flowers emerging.

Places you could visit

- Regents Park gardens.
- Walworth Garden Farm
